KOYO Achievements

As a Chinese Enterprise until now Zero Accident has become a significant symbol of KOYO; From the struggle at the beginning to "where is KOYO" in the world, KOYO becomes a trusted brand day by day. In this background, KOYO is strictly compliance with the strictest international standards and self perfection in production. And, the high demand from KOYO towards technology has never ceased.

Win the trust of the world

For decades, we have a solid shoulder to carry so much trust, along the way, only extraordinary effort and sense of responsibility is the best interpretation of the word "assume".
